COMMERCIAL Quality

Built tough to stay that way. For over 30 years, Speed Queen has served the coin-operated laundry industry and continues to lead in customer satisfaction. Speed Queen homestyle washers feature many of the same rugged, reliable parts found in the coin-operated machines, so they're built to last.

Commercial Quality Features

- Long-lasting cast aluminum trunnion and bearing housing
- Heavy-duty 3/4 HP drive motor with reversing wash action
- 18 lb capacity stainless steel inner and outer tubs
- See-through door to view washing

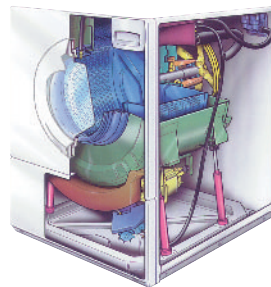

Multi-Cycle and Temperature Controls

Speed Queen offers you a choice of washing cycles with four or five wash/rinse temperature options.

Horizontal Axis Washer Design

High Speed Extract

Speed Queen's front loading washer features a 1000 rpm spin speed for maximum water removal from clothes and faster drying.

Front Mount Supply Dispenser

Automatically adds detergent, liquid bleach and liquid softener.

Attractive Control Panel

Commercial homestyle frontload washers have attractive styling to match electric or gas dryers.

Energy Efficient

Ultra low water consumption uses only 19.2 gal. per average load. This uses 12 to 14 gal. less than a commercial topload washer based on DOE appendix "J1" test.
